Fighting Pipers To Face Bulldogs

Piper Squad's First Season Test Will Be With Stamford Bulldogs Here Friday

The 1949 edition of the Hamlin Pied Pipers will face Stamford's Bulldogs in the first season game on Friday evening.

Kickoff for the game is set for 7:30 p. m. Coach Jesse Burditt said the Pipers have been undergoing intensive training for the past two weeks.

Joe Allen, Dean and John Holland were elected co-captains of the 1949 Pied Piper football squad in an organization meeting this week. Both boys are seniors and have lettered in football last year.

Burditt said he believes his proteges are in first class condition for opening of the annual battle.

Burditt has been assisted during the season by Vernon Townsend, assistant coach.

There will be an inexperienced crew on the field Wednesday, but he added, "I'll be a fighting crew."

Burditt's charges have built the 1949 team around seven lettermen and a large group of inexperienced players.

Starting lineup for Friday evening's game will be: Asa Goodgame, left end; Jerry Carr, left tackle; W. T. Stapler, left guard; Billy Southland, center; John Holland, right guard; Donald Armstrong, right tackle; Don Rowland, right end; Joe Allen Dean, quarterback; Harold Johnson, left half; Don Gregory, fullback; Donald Green, right half. Substitutes who may get to see

Cotton Harvest Slows Down as Pickers Few

Cotton harvest in the Hamlin area has slowed down this week and only a few bales of staple came in from two local gins, managers of the firms reported.

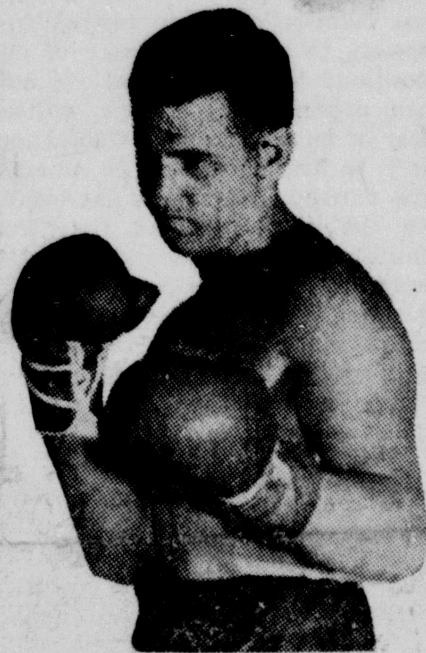

A total of 53 bales had been ginned in Hamlin prior to Thursday, and neither of the gins was running shifts.

Elmo Bellah, manager of the Producers Gin said the cotton is late in opening this year, but expressed belief that within another 10 days harvest will be in full swing.

W. W. Fletcher, manager of the Farmers Cooperative Gin, said the slowdown is traceable to lack of cotton pickers. Vary few pickers have come into the Hamlin territory, he said. Fletcher believed that more laborers will come here when the harvests are completed in South and Central Texas.

CARL MCINTURFF

Hamlin Schools Budget Is Set At \$150,000

An operating budget for the 1949-50 school term was set by Hamlin public schools at \$150,985. I. R. Huchingson, superintendent, said this week.

The budget was prepared for submission under terms of the Gilmer-Aiken bill, which was passed by the last session of the legislature to aid education in Texas.

Items in the budget are subject to final revision before approval, but little change is expected to be made. Estimated cost of professional services, which includes teachers, superintendent and principals, was set at \$122,180. Operating cost, which includes fuel, lights, water, building repair and other items was estimated at \$14,000. Transportation for pupils will cost \$14,805 for the term.

Estimated revenue for the school term includes \$54,792.35 per capita payments. This fund provides a payment of \$50 for each scholastic enumerated in the district in the 1949 school census. The money will come from the state treasury.

County available fund will provide \$452, and local taxpayers will be called on for \$56,253.76. The remainder of funds necessary to meet budget requirements, a total of \$57,000 will come from the Gilmer-Aiken fund.

The 22 students classified as seniors represent the smallest upper class group in Hamlin for many years, Huchingson said.

Classes are expected to meet early next week for their organization sessions.

Ritz Theater to Open Friday, September 16

The Ritz theatre will open its doors to movie patrons Friday evening, September 16, it was announced this week by Mrs. B. S. Ferguson, owner.

The Ritz will be operated four nights each week, Mrs. Ferguson said. The show will be open on Friday, Saturday, Sunday and Monday nights of each week.

Mrs. Z. T. Wilson and T. N. Craven and son, Mike, of Dallas, were visiting in Hamlin this week. They are former residents of Hamlin.

Mrs. Sallie L. Scott has returned to her home in Hamlin after having spent the summer with relatives in California.

McInturff Meets Adams on Lions Boxing Program

Carl McInturff, ambitions Hamlin heavyweight, was slated to meet Tom Adams, five times state TAAF boxing champion, and rated one of the two best amateurs in the nation, on the Lions Club boxing card here Thursday evening of this week.

The bout, hailed as the headline feature for the program was attracting wide attention among sports fans.

Adams outweighed McInturff approximately 20 pounds, but the Hamlin man said he was willing to accept the handicap.

McInturff, local mechanic, for two years was Pacific Coast champion of the U. S. Marine Corps.

A second headliner for the program was Cotton Fowler of Abilene, who was matched against Bill Tabor, also of Abilene. Fowler is a former state TAAF champion and Tabor was a state TAAF finalist.

Hugh Higgins was slated to go in against Gene Millner for the third scrap of the evening. Both men are considered excellent fighters in their weights, and both have had numerous experiences in the ring.

Three bouts in which Hamlin grade school students were matched completed the card, according to Stanley Carmichael, chairman of the Lions committee in charge.

Master Sergeant Walter Wright of Abilene was slated to serve as referee and Sgt. Ted Roberts, also of Abilene, was to be time keeper.

Proceeds from the evening's entertainment, which was booked for the Hamlin Ball Park, were to go to the Lions charity fund, Carmichael said.

Funeral services were set for Friday at 3 p. m., in the Hinson Baptist Church for Mrs. Thomas E. Hill, 73, well known resident of the Hinson community, who died Thursday morning at 6:30 in Callan Hospital, Rotan.

Rev. E. L. Reddin, pastor of the church, will be in charge of the rites.

Burial will be in the Hamlin East Cemetery, directed by McCombs Funeral home.

Mrs. Hill, long a resident of Fisher County, had been ill for several months. She is survived by her husband and several children.

Mrs. Thomas E. Hill Dies Wednesday Night

Funeral services were set for Friday at 3 p. m., in the Hinson Baptist Church for Mrs. Thomas E. Hill, 73, well known resident of the Hinson community, who died Thursday morning at 6:30 in Callan Hospital, Rotan.

Rev. E. L. Reddin, pastor of the church, will be in charge of the rites.

Burial will be in the Hamlin East Cemetery, directed by McCombs Funeral home.

Mrs. Hill, long a resident of Fisher County, had been ill for several months. She is survived by her husband and several children.

Cook Discovery Well to Get Test; 4 Others in Pay

Almost Inch of Rain Gauged in Hamlin

Hamlin received .72 of an inch of rain Wednesday night and Thursday morning, Bill Rountree, city water superintendent, said Thursday at noon.

The rain covered a wide area in this section of Texas, extending northward and east.

Wednesday night's rainfall was the first moisture of the month, but it brought the year's total to 22.13 inches.

Ferguson Well East of Hamlin Nailed As Possible Opener of New Oil Pool

A new oil sand was discovered in the Hamlin area Wednesday night when S. C. Herring Drilling Company, et al, No. 1 S. C. Ferguson, four miles northeast of Hamlin encountered the Cook formation and was preparing to test.

The pay was picked up at 2,960 feet, and a drillstem test was to be run on the hole Thursday. Operators said the discovery looks like a

good producer, but would not hazard a guess as to its potential.

The Cook sand discovery comes only two weeks after discovery of Gunsight production in a well south east of Hamlin, and lifted hopes of local oilmen for greater extension of the Hamlin field activity.

Four other wells were reported to have hit pay formation this week as local oil activity accelerated to a new high and several other locations were staked.

The Dr. Bryant Towne 5-B penetrated the Palo Pinto reef Tuesday night at 4,791 and a drillstem test was run on the hole Wednesday. No report was available of production, but oilmen said it "looks good."

General Crude, drilling the Lopez Flores test went into pay sand late Wednesday at 4,700 feet and were preparing to bring in the well for a producer.

Texas Pacific Coal & Oil Company, No. 1-B Redus found oil in paying quantities in the Palo Pinto Reef at 4,780 feet Wednesday and prepared to develop the well into a producer.

Texas Pacific, drilling the Port H. Williams encountered the Swastika at 3,776 feet and shut down to move in a standard rig for final completion of the well. The Williams well is located south of the Pardue & Toler Ellenburger discovery, north-west of Hamlin.

Texas Pacific, drilling two offsets to the Ellenburger discovery, were at 5,500 feet on the west offset and 5,800 feet on the east offset Thursday and going on to Ellenburger pay zone.

Ellis A. Hall moved in a rig Thursday to drill the No. 7 G. A. Poe on the T. R. Taylor preemption tract.

Atlantic Drilling Company, set two new locations west of the Texas Pacific discovery well on the Pardue-Toler tract. They were expected to begin drilling later this week.

A. J. Slater has filed location on the Phillips tract eight miles southeast of Hamlin and was preparing to begin drilling late this week.

Two offset locations have been filed for the Gunsight discovery pool southeast of Hamlin. Both wells are scheduled for 3,900 foot holes and will be drilled with rotary equipment.

Ungren & Frazier, et al, will drill the No. 1 E. E. Farnsworth as a north offset to the discovery, and Onyx Oil Company, et al, will drill the No. 1 W. L. Godfrey as a north-west diagonal offset.

Official gauge of 146 barrels in three hours, through half - inch choke, was filed for the C. U. Bay & Taubert Drilling Company No. 1 Farnsworth in the Gunsight. Production was from 3,215-58 feet.

It was reported Thursday that free oil was standing 1400 feet deep in the Randolph Scott, et al, well five miles west of the Round Top pool, and casing was set for production.

Travis Hash and B. V. Newberry serves as tail twisters and all money collected as fines from guests was credited to the charity fund of the Hamlin club.

More than 100 people attended the banquet.

Crash of Navy Plane Takes Life of Johnny Joe Boyd, Hamlin Sailor

Death came to Johnny Joe Boyd, 20, of Hamlin last Wednesday when a 30-ton Navy flying boat on which he was serving as a crew member crashed into the waters off San Diego bay and exploded.

Johnny Joe was one of 10 men who died in the crash of the plane, which took place about 500 yards

from the bay on take-off when one of the twin engines failed. The craft plummeted immediately into the sea and exploded. On the ship were four officers and six enlisted men.

The body of Johnny Joe was recovered a few hours after the crash.

Boyd was born October 4, 1928 at Sylvestre, where he attended school. He is survived by his parents, two sisters, Frances Boyd of Hamlin and Mrs. Lon Wilson Jr., of Kermit; four brothers, R. A. who is in the army, stationed in Okinawa, Allen and Raymond Neill of Hamlin and Wilburn L. Boyd of Colorado City. He is also survived by his paternal grandmother, Mrs. R. A. Boyd of Sylvestre, and his maternal grandfather, J. T. Gann of Hamlin.

Funeral Friday

Funeral services for Boyd will be conducted at 4 p. m. Friday in the First Methodist Church of Hamlin, it was announced Thursday morning.

The body will arrive in Hamlin at 6:50 Friday morning.

Rev. E. H. Phillips, pastor of the Sylvestre Methodist Church, will be in charge of the rites, and the Hamlin Post 6014, Veterans of Foreign Wars, will have charge of military rites.

Burial will be in the East Cemetery, directed by Barrow Funeral Home.

from the North Island Air Station. Boyd, the son of Mr. and Mrs. Ross I. Boyd of near Hamlin, joined the navy April 16, 1947, and has seen foreign duty since his enlistment. He recently returned from a tour of duty in the Orient and was slated for a leave within a few weeks. He had planned to come to Hamlin to spend the leave with his parents.

The plane in which Boyd died was on a routine training flight, and had just cleared the waters of

Changed to Gym

Because of rains which fell Wednesday night, and were still falling Thursday morning, scene of Thursday night's boxing bouts was changed from the Ball Park to the High School gymnasium, Stanley Carmichael, said Thursday morning.

The bouts will be moved indoors, but no change has been made in the fights slated for the evening, Carmichael said.

The Pipers Need Help

Hamlin's Pied Pipers need your help. The team members have trained and worked and studied to get into shape for the current football season, and now that it is starting we can be assured that every member of the squad will do his best to make a winning team.

But the time has come when the coaches have done their part, the team members can be counted on to do their part, and they are going to have to depend upon you and me to do our parts.

We owe it to the Hamlin football team to attend the games. Our presence there may mean the difference in defeat and victory to the lads who wear Hamlin's school colors.

Oftentimes a cheer, a friendly word of encouragement, or even silent presence will serve as a bulwark to raise flagging spirits and give the players a new determination to do their best.

Whatever else you have on your program during the next few weeks, you owe it to these boys to spend a few hours at the football games, because your presence will help the team to fight harder and to play better.

Let's back Coaches Burditt and Townsend and show the Piper players that we are interested in their athletic program.

You Give the Answer

Here is an editorial without an opinion. Just some facts and you are invited to supply the answer. The question is: Where will be the end?

In 1913 the United States population was 96,000,000; in 1947 the population was 144,000,000—an increase of 50 per cent.

In 1913 there were 400,000 civilian federal employees; in 1947 there were 2,000,000—an increase of 400 per cent.

In 1913 the federal revenue amounted to 724 million dollars; in 1947 it was 43,000 million dollars—an increase of 5,840 per cent.

In 1913 the federal debt was \$1,150,000,000; in 1947 it was \$252 billion—an increase of 19,317 per cent.

Those are the facts. The question is:

Make The Comparison!

The whole concept of the Welfare State—in which the government would theoretically do everything for everybody, and one would have to do nothing for himself—is based on the concept that the traditional American system, with its emphasis on individual freedom and responsibility, is wrong.

Winston Churchill recently touched on that idea in these telling words: "It must occur to sensible people to ask themselves how it is, if this American system is so wrong, that the American democracy of 140,000,000 hard working people are able to keep themselves at a far higher standard of life than we are—and bear so large a part of our burden."

A prime example of the welfare state philosophy is found in the drive to fasten government compulsory medical insurance on everybody in the country, whether or not they want it. The evidence from England, New Zealand and the other nations where similar schemes are in effect, over whelmingly proves that the standards of medical care go down and the cost of medical service goes up—largely because of the topheavy political bureaucracy that is created to handle administrative matters. Overburdened doctors have neither the time nor incentive for research or preventive medicine—the kind of work which, in the long pull, does more than anything else to make a nation healthier. It is true that every person gets medical attention—but an appallingly large percentage of the time it is second grade attention.

In this country, by contrast, anyone can go to the doctor of his choice. We have voluntary plans whereby we can purchase prepaid medical and hospital care for a family for about the cost of a pack of cigarettes a day. We lead the world in research, and we are making dramatic progress in the conquest of disease. The doctor is his own man—not a civil servant under political orders. What can the welfare state offer to compare with this?

where will be the end?

You give the answer, you're busy writing a letter to Santa Claus.

The Wrong Tool

Writer Lashes Back at Critics Who Accuse Him of Being Against Progress

By GEORGE PECK

Quite frequently letters reach my desk accusing me of being against most everything and inquiring rather facetiously just what I am trying to accomplish with this column. The writer of a particular acrimonious letter, just received, failed to sign his or her name, leaving no alternative but to answer via my column.

So here goes. It is true that I am against a lot of things. I'm bitterly averse to Communism, Nazism, Fascism, Socialism, New Dealism, Fair Dealism and every other kind of "ism" which seeks to undermine our Capitalistic System, often called the American System of Competitive Enterprise.

Further, I'm very much opposed to the squandering politicians who infest our nation's Capital; I deplore the obvious "soak-the-rich" taxes and the infinitely more diabolical, not-so-obvious "soak-the-poor" taxes, I'm "agin" government competition with private business; government restriction and persecution of legitimate industry; and the usurpation of States' Rights by the Federal Government.

Now, what am I trying to accomplish; what axe do I have to grind? I wish to see both of our major political parties nominate candidates in 1950 who can be trusted to put the brakes on the drive to plunge this nation into a socialistic economy.

Looking further forward to the election of 1952, I am hoping against hope that both parties will nominate a presidential candidate who can be depended upon, if elected, to get the U.S.A. back onto the course it is supposed to travel, and along which until recent years this nation pursued its way with such great success. In that happy event, we will be able to go to the polls in November 1952; cast our votes for the man we deem the better of the two; and have no great worry as to whether our choice wins or not.

Our next President, as far as I am concerned, can be either a Democrat or a Republican, if he is pledged to and carries out a program to make America once again secure for Americans.

My unidentified critic accuses me of being anti-labor. This charge I most emphatically and indignantly deny. I recognize the right of labor to organize and bargain collectively, but do demand that these things be done with dictation, coercion, force, domination or interference by government or Union Labor Leaders. I do deplore the fact that a small minority in Union Labor's leadership is made up of men who are communistic and who are using their Unions in an attempt to destroy "The American Way."

In conclusion, let me say that I wish to be able to continue to criticize the government, or any individuals connected therewith, whenever, in my humble opinion, they are falling down on the job of properly serving the interests of all of the American citizens.

In recent years there have been too many attempts to restrict free speech, to silence the voice of opposition; but thank God we still can express our opinions without fear of imprisonment or liquidation. It is to help avoid here in America the unhappy fate which has befallen the peoples behind the "Iron Curtain" that my associates and I, writing under the banner, "The American Way," have dedicated ourselves. That, my dear anonymous correspondent, is what we are trying to accomplish—that is the axe we have to grind.

For both he that sanctifieth and they who are sanctified are all of one, for which cause he (Jesus) is not ashamed to call them brethren. —Hebrews 2:11

Marie Antonette, Queen of France, when told that the poor had no bread, said "Let them eat cake."

Andrew Johnson is the only American president against whom impeachment charges have been brought.

Salesmanship Is Needed to Provide Safeguards for Our American Way

By Maurice R. Franks

The American businessman has done a marvelous job selling the American people the products of free enterprise. Take the automobile, for instance—who would have believed it possible to sell this one product to practically every third person in the United States? . . . Yes, and who would have believed it possible to install a bathtub in the home of almost every American? Or a radio in practically every room in every home? But such is the accomplishment of Americans business leadership—through a truly spectacular job of selling.

For this particular achievement the businessmen of this country selling job on which these same business can claim but scant success. They are not properly selling the system that makes possible the outlet for their products. They are not selling free enterprise!

The proponents of Communistic doctrine—or of Socialism, as the stepping stone to Red power—know very well that they are selling intangibles. They have no real samples of their bill of goods and must therefore resort to trickery if they would and must therefore resort to trickery if they would put their sales talk across. And chief among the tricks thus used is the introduction of phony statistics thus used in the introduction of phony statistics. Such figures are quite effective, because, unless they can be disproven the moment they are presented, they are likely to be swallowed by the audience as the truth, the whole truth, and nothing but the truth.

It's about time these phony statisticians were challenged every time they make an utterance. For instance a speaker for the Left will boldly toss in the statement that, "according to statistics, poverty and destitution have risen 25 per cent since the turn of the century. What he fails to tell his audience is that, according to further statistics, the

population of this nation, over the same period of years, has increased 50 per cent—hence, that what is taken place is a reduction in poverty, not an increase.

In this instance, as in every other it is necessary only to present the total picture to expose the fraud of Leftist "figures."

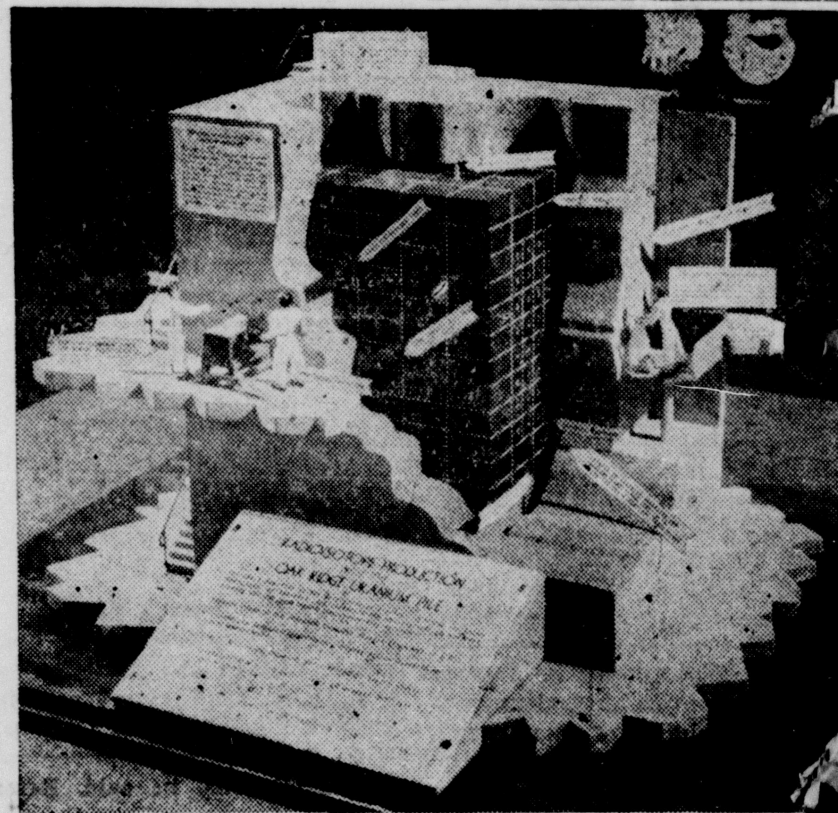

The Communists have schools where their speakers are trained in the art of deceptive argument, as to make easier the sale of the phony "bill of goods." This being the case, doesn't it seem reasonable that we do believe in our system of free enterprise and our American way of life should be at equal pains to sell intangibles? Against the intangibles offered by the competition, we have bulging sample case.

Here is our official stock in trade which, with proved performance, back our claims for it, brook no reasonable competition—let alone competition from the dream world of the Muscovites. All we need today is a corps of well-trained and fluent salesmen.

Therefore, I suggest that all agencies interested in preserving our American free-enterprise system wake up to the fact that it's about time they, too, had schools for training speakers to cope with the shenanigans of their opponents.

Unless such an educational program be set up immediately, the life of free enterprise on this shores will be strictly limited. We, here in the United States, are being handled exactly as were the people of the vanquished satellite nations whose loyal leaders at no time equipped to cope with their opponents.

This is too serious a matter to be taken lightly. It's later than we think. Unless we act now, we may all wake up some morning (and it won't be a fine one, either!) to find that our American system of free enterprise has been SOLD SHORT

STATE FAIR "ATOM PILE"—This model of a uranium pile is a small segment of one of the dramatic exhibits in the "Man and the Atom" show coming to the 1949 State Fair of Texas Oct. 8-23 direct from the famed American Museum of Atomic Energy at Oak Ridge, Tenn., cradle of the atom bomb. Admission to exhibit will be free.

REG'LAR FELLERS

And He Never Limp When He's Asleep

By Gene Byrnes

Plenty of Sleep and Rest Needed To Maintain Youth, Vigor, Health

Like many other healthful habits, getting enough sleep and rest is one that's important to our good looks. Fashion models and movie actresses, whose livelihoods depend on looking and feeling well, are very much aware of the importance of rest and sleep and make certain that they get their full quota.

Yet too many of us try to get away with "as little sleep and rest as possible." It's true that some people need less rest and sleep than others. But those who defy nature by ignoring the body's demands for relaxation when it becomes fatigued are looking for trouble.

Insufficient rest and sleep take their immediate toll by cutting down a person's speed, accuracy and alertness at work or study. In fact, it interferes with full enjoyment of the day's activities because the sufferer is "dragged out" and weary.

There are some people who have difficulty in sleeping and, in desperation, resort to sleeping drugs. All sleeping drugs in large quantities are poisons, and they should never be taken unless under the advice and prescription of the doctor. Those who suffer from sleeplessness for unexplained reasons should see their doctors. Prolonged inability to sleep can be the sign of a serious illness and the doctor might detect unsuspected disease or infection.

Many cases of insomnia, however, are due to easily corrected things.

like worry, overwork, lack of physical exercise and fresh air, or eating too heavily immediately before bedtime.

Doctors believe that good sleeping habits, if established early in life, have a tendency to persist in adulthood. Habits favorable to restful sleep include regularity of hours, proper ventilation in the sleeping room and the avoidance of heavy eating and undue excitement in the hours immediately preceding bedtime.

Treatment of Wheat For Planting Urged

Chemical treatment of seed wheat before planting to assure better yields and to guard against various blights, was recommended this week by Bill Lehmborg, county agent.

The agent said if seed wheat is mixed with weed seeds it should be cleaned first and then given the chemical treatment.

"Stinking smut is the most serious disease of wheat," he said. If there smut spores on the seed, they will germinate with the wheat, if conditions are favorable, and will grow with the plant. If the condition is severe, you may notice a foul odor and the heads will take on a darker green color. At cutting time, the heads will have masses of smut spores where the kernels should be and during combining these smut balls will break open and scatter millions of black spores over healthy seed.

Oats and barley are often attacked by smut, he said, but in these grains it is easily detected by the black, barren stalks in the fields.

The agent recommended treatment of each bushel of seed with one half ounce of cerasan or cerasan M.

FISHER IN CALIFORNIA

Morris Fisher, assistant pastor of the First Methodist Church, is visiting his parents in Downey, California, this week. He will return next week and enroll in McMurry College. He will continue his work as youth director of the local church, coming here on week ends.

Luis Alvarado, Peruvian diplomat and educator recently appointed Asst. Director-General of the International Labor Organization (ILO), the U.N. Agency which deals with world labor standards.

HAMLIN

Improvement Shown By Victim of Crash

Some improvement was reported this week in the condition of Ruby Sliger, 11-year-old Hamlin girl, who was struck by an automobile on South Central Avenue two weeks ago.

The girl has been under treatment in an Abilene hospital since August 25. She was removed to the Abilene hospital after receiving emergency treatment in the Hamlin Memorial Hospital.

Doctors feared this week that an operation will be required to remove a kidney from the child, who suffered serious internal injuries.

Mr. and Mrs. Ben Ferguson Jr., of Wichita Falls have been visiting in the home of Mrs. B. S. Ferguson in Hamlin.

Rule Male Quartet Is Heard by Rotarians

A male quartet from Rule, presented by Bill Terry, entertained members of the Hamlin Rotary Club at the Wednesday noon luncheon, with several vocal numbers.

Members of the quartet are Claude Norman, C. O. Davis, Novice Owsley and Odie Aspy. Mrs. John Gibson was pianist for the singers.

Miss Janet Bonner, pianist for the Rotary Club was presented a pen and pencil set. Presentation was made by Ted Armstrong. Miss Bonner, who has served the Rotarians as pianist for several years, will leave soon for Abilene where she will attend Abilene Christian College. The quartet dedicated a number, "Rock of Ages," to Miss Bonner.

Planning Board to Meet Monday Night

A meeting of the Civic Planning Board will be in the Johnson Drive Inn cafe Monday evening at 7:30. I. R. Huchingson, chairman of the group, has announced.

Members are expected to discuss proposals for an annual event for Hamlin and to adopt a plan for such a feature.

Several other matters of importance are expected to come up for discussion at the meeting.

Mr. and Mrs. Glenn Woodstock of Chicago are guests this week in the home of Mr. and Mrs. Clarence Bailey and son. Mrs. Bailey and son, Ralph, returned to Hamlin with them after having spent the past three weeks in Chicago. Mrs. Don McCune of Tulsa is also guest of

Legion Post Defers Officer Election

Election of officers for the Hamlin American Legion post has been deferred to the night of September 19. Joe Culbertson, commander, said this week.

The election had been announced for Monday night of this week, but was postponed because of lack of attendance.

Culbertson said a hot-dog dinner will be served at the Legion building by members of the Women's Auxiliary. All Legion members are urged to attend.

Miss Marjorie Nell Steed and Miss Emma Harris have returned to their homes in Hamlin from Denton and Dallas, where they were guests of relatives and friends.

Emergency Drive for Polio Funds Started

An emergency drive for funds to combat the wave of polio which has gripped the nation, got under way Thursday morning. Judge Roger Garrett of Anson said.

Despite the fact that record contributions were made to the annual fund campaign early in the year, money for treatment of the disease is almost exhausted and directors of the national foundation called for the special campaign to replenish the treasury.

The foundation undertakes to guarantee treatment to every person who becomes ill with polio, and money paid into the campaign will be used for that purpose.

The longest river in South America is the Amazon 3900 miles.

Mr. and Mrs. F. S. Holton and son, Tommy, and Mr. and Mrs. W. H. Stephens are guests in the home of Mr. and Mrs. C. C. Prater.

Miss Mary Jo Hickman of Dallas has enrolled in Hamlin High School as a member of the senior class this year.

F. Y. Wilson spent the past week on a tour of West Texas and New Mexico. He visited the Carlsbad Caverns.

It is warmer to wear two garments than one thick one because the air between them serves as insulation.

Two County Roads Get Okay in F-M Program of State

Approval for construction of 15.5 miles of farm-to-market roads in Jones County was given this week by the state highway department, following denial of two requests made by the County Commissioners' court. The roads that will be improved total 15.5 miles. Roger Garret, county judge, reported Wednesday. Farm-to-market designation was given a road from Stamford to New Hope, and a road from the highway south of Anson through Truby, Garrett said. The commissioners had requested a road from Plainview south to U. S. Highway No. 277; the Stamford-New Hope road, and a road from Nugent northwest to U. S. Highway No. 180. The commissioners voted unanimously to approve the two roads

Two U. S. Navy men spend part of their time ashore in Caracas, Venezuela, to view one of the many statues in that city reared to national heroes and to pay their respects to the memory of the military leader represented in bronze above them.

selected by the highway department at their meeting August 31, and signed a contract for their construction.

Verna May Colwell Becomes Bride of Hill In Impressive Rites at Denton College

Miss Verna Mae Colwell of Hamlin became the bride of James J. Hill Jr., of Denton, in an impressive Ceremony in the Little Chapel in the Woods, at Texas State College for Women, Denton. The vows were read for the couple at 10 a. m., Monday, August 29.

Rev. Phillip Walker, pastor of the Denton Methodist Church, officiated at the wedding.

The bride, dressed in an ivory satin gown of floor length, with lace trimmed collar, entered on the arm of her father, B. B. Colwell. The bride's veil was of illusion, fastened by a tiara of orange blossoms.

She carried a bouquet of gardenias with white carnations, tied with white satin streamers. For "something old" she wore a pin belonging to a classmate.

Miss Marjorie Steed of Hamlin, a high school class mate of the bride, was bride's maid. She was dressed in a gown of floor length orchid silk organza. Her full skirt and fitted bodice were trimmed with ruffles. She carried a bouquet of pink carnations.

James Temple of Denton was best man and Gordon Bellah and Bob Blye of Denton were ushers.

Jean O'Brien at the organ played traditional wedding music as the bridal procession entered. Charles Nelson, with Miss O'Brien playing accompaniment, sang "I Love Thee," and "The Lord's Prayer."

The bride's mother wore a navy dress with navy accessories and a corsage of pink carnations. The mother of the bridegroom wore a black dress and a corsage of white carnations.

Following the wedding a reception was held in the home of the bridegroom's parents with wedding attendants and relatives of the couple as the only guests.

A 2-tier wedding cake, surrounded by white gladioluses was served to the guests.

For her going-away costume the bride was dressed in a gray sport suit with gardenias from her bridal bouquet.

Mr. and Mrs. Hill will be at home in Pharr, Texas, where both will be members of the Pharr school faculty.

The bride is the daughter of Mr. and Mrs. B. B. Colwell of Hamlin. She was graduated from Hamlin High School and received a bachelor of science degree from TSCW August 31.

VETERANS' NEWS

Student veterans who acquire dependents or additional dependents while in training under the GI Bill should notify the Veterans Administration as soon as possible in order to qualify for increased subsistence allowance payments.

Notice of dependency change should be sent to the VA regional office in which the veterans' records are kept. The notice should be accompanied by legal evidence of the dependency, such as certified copies of public records of birth, baptism or marriage.

VA increases subsistence payments as of the date it is notified and not retroactively to the date the veteran acquired the dependent.

Mrs. Carl Phenix went to Wichita Falls Monday to accompany her daughter, Miss Hortense Phenix there. Miss Phenix will teach music in the Wichita Falls schools this term.

Twilight Ceremony in Albany Unites Mary Helen Smith and Lowell B. Cure

A twilight ceremony in the Albany First Baptist Church Saturday evening sealed the wedding vows of Miss Mary Helen Smith of Albany and Lowell B. Cure of Hamlin.

Rev. H. M. Weldon of the Temple Baptist Church of Abilene, read the

impressive ceremony in the beautifully decorated church auditorium. Joe Smith of Albany and Bill Coltharp of Hamlin lighted the candles. Mrs. C. M. Reese, organist, played "Wonderful One," "Venezian Love Song," and "Indian Love Call." She also played accompani-

News From Our Neighbors

Events from nearby towns, taken from other papers.

SPUR—Attendance estimated at 8,000 was registered at the two-day Motley Dickens Old Settlers reunion last week. A parade on opening day contained 200 riders.

SPUR—Final rites for Mrs. Lois Baker, 33, were conducted last Wednesday. Mrs. Baker died Tuesday following a brief illness.

ROTAN—Mrs. Gladys Bierwirth, R.N., has been employed as Fisher County health nurse to serve during the coming school term. She will have charge of health programs in schools of the county.

ASPERMONT—Improvement in the condition of Mrs. L. D. Trammell Jr., was reported this week. Mrs. Trammell suffered serious burns on the face and neck several days ago when a gas range exploded while she was baking.

ASPERMONT—Funeral services for J. S. Trammell, 77, were conducted last Thursday. Trammell, former tax assessor of Stonewall County, died in Lubbock last Wednesday.

SAMFORD—Layne Beatty, farm editor of radio station WBAP, Fort Worth, was principal speaker Thursday night at the annual Farmers Night program, sponsored by the Stamford Rotary Club.

STAMFORD—Funeral service for Mrs. A. J. Daniel, 64, were conducted last Sunday afternoon. Mrs. Daniel died last Saturday afternoon.

MERKEL—School bells will ring in Merkel Monday, September 12 for the opening of the annual term.

the Hamlin school faculty for the current term.

Cure is a graduate of Tarleton State College and Texas A&M College. He is instructor of agriculture in the Veteran's Vocational school in Hamlin. He is the son of Mr. and Mrs. J. O. Cure of Seymour.

Among Hamlin guests who attended the wedding are: Mr. and Mrs. Garland Coltharp, Bill Coltharp, LaNelle Coltharp, and Mr. and Mrs. Fred Smith.

ment for Mary Spencer, who sang "Tell Me Why," and "Wedding Prayer." During the ceremony Mrs. Reese played "The Lord's Prayer" softly.

The bride was given in marriage by her father, Elmer Smith.

The bride's gown was of white chantilly lace designed with off-shoulder yoke of sheer illusion, outlined with leaf motif. The full skirt of lace over satin was worn over hoops and extended into a chapel length train. She wore a fingertip veil of illusion, which fell in tiers from a tiara of seed pearls. A white Bible topped with gardenias was carried to the altar.

Nancy Moore was maid of honor, Mrs. Blake Allison Jr., of Wichita Falls was bride's matron and Mary Hammack was bride's maid. Carol Ann Smith of Plainview, cousin of Mrs. Cure, was flower girl.

Michael Cure of Levelland, nephew of the bridegroom was ring bearer. Clifford Deaton of Rule, roommate of Cure at A&M College, served as best man. Ushers were Baker Conger of Hamilton, Ellis Taylor of Bertram, Joe Smith of Albany, and Bill Coltharp of Hamlin.

A reception was held immediately following the ceremony in the home of the bride's uncle and aunt, Mr. and Mrs. Carroll Smith.

Following the reception Mr. and Mrs. Cure left for a brief wedding trip.

Mrs. Cure is the daughter of Mr. and Mrs. Elmer Smith of Albany. She is a graduate of John Tarleton College and of the University of Texas. She was a member of O.W.L. and T.T.S. at Tarleton and Alpha Delta Pi at Texas University. She has been employed as a member of

STAMFORD—Mrs. E. C. Jeanes was elected president of the Stamford American Legion Auxiliary for the fifth time last week. She first became a member of the organization in 1925.

STAMFORD—Elmer Jeanes was elected commander of the Hart-Masters American Legion post, in a business meeting last Monday evening. Other officers named are: J. R. McDaniel, first vice commander; D. B. Nichols, second vice commander; C. B. Smith, post service officer; Royce Hardy, historian; Rev. Charles E. Fiske, chaplain; Ben Weeks, sergeant-at-arms, and Pat Collins, finance officer.

ANSON—Funeral rites for Mrs. P. M. Scott, 90, were conducted last Sunday. Mrs. Scott had been a resident of Jones County for 73 years, having come here with her husband in 1876, and established a camp in Anson before the first house was built in the county seat.

ANSON—Final rites for C. J. Thompson, 52, were conducted last Friday. Thompson died from a heart attack last Wednesday morning.

ANSON—Several Hamlin men were listed on the jury for 104th district court which opened Monday. Among those named are: O. D. Roland, W. A. Castle, and Carl T. Murrell.

ROBY—Officers elected for the coming year by Victory American Legion post are, Herbert Bennett, commander; W. E. Edwards, vice commander; W. W. Morton, finance officer; J. C. Peters, adjutant; Guyon Davis, sergeant at arms.

ROBY—The municipal water supply has been completely exhausted, and the city last week began pumping water out of holes in the creek. City officials estimated that source of water will last but 10 days.

ROBY—A membership meeting of the Fisher County Memorial Hospital association was held Saturday, when directors were elected and other business matters transacted.

SNYDER—Don Ameche, movie star, and his associates have invested more than \$200,000 in oil leases in the Scurry County field, it was reported this week.

SNYDER—Governor Allan Shivers will be principal speaker at a "welcome the newcomer" celebration planned to be held in Snyder October 10.

MERKEL—Funeral services for Mrs. Lucy Joe Scott, resident of Merkel for 15 years, were conducted last Monday afternoon. Mrs. Scott died in a Wichita hospital last Saturday night.

HASKELL—Preparations for the annual Central West Texas Fair were getting under way this week as date for the exposition neared. The fair will be held here October 3 through October 3.

HASKELL—Rites for E. B. McDonald, 62, were conducted last Thursday afternoon. McDonald, a

resident of Haskell for 33 years, died in the family home last Wednesday.

Mr. and Mrs. W. A. Stephenson of Abilene were guests of Mrs. Etta Stephenson in Hamlin this week.

Mrs. C. C. Prater is recuperating in her home from a major surgical operation she underwent in an Abilene hospital last week. Jimmie Stennett of Abilene was a business visitor in Hamlin Wednesday.

Texas Died 48, Victims Read Cancer

W. Cox, State Health Officer, speaking of cancer, said ranked second as cause of Texas, being exceeded only by heart disease. Last year approximately 48,000 Texans died of this disease. The reasons so many die of cancer is because the disease usually exists some time before it is recognized. By then it has spread from a small local cancer to a large and dangerous one. The beginning cancer is not so many persons do not see a doctor. Any lump, especially in the breast, should be looked upon with suspicion. Other suspicious symptoms are any sore that does not heal about the tongue, lips or lips; sores caused by broken teeth or ill fitting dental plates that receive attention; irregular bleeding or discharge from any part of the body is a danger sign. Persistent indigestion with weight loss is a symptom of cancer of the stomach. With any of these signs one should go immediately to a doctor. Many times the danger of cancer will have been avoided but it is much better to be safe.

It is desirable to treat all diseases in their stages, but in no case is it more important than cancer. Periodic examinations made with cancer in mind affords the best protection against this disease. Surgery, x-ray and radium are the main weapons which are used to combat cancer.

Kiser Family Reunion Held at Sweetwater

Children and grandchildren of the late Mr. and Mrs. J. K. Kiser held their annual reunion at Sweetwater Park, August 28.

Five sons and one daughter were present for the gathering. They were: Lewis Kiser of Weatherford, K. M. Kiser, Ernest Kiser, and Eugene Kiser of Sylvester, C. G. Kiser of Comanche, and Mrs. C. A. Gray of Sylvester.

Others present were: Mr. and Mrs. Floyd Kiser, Mrs. Ernest Kiser, Mrs. Engen Kiser, Mrs. W. M. Kiser, Mrs. W. M. Kiser, all of Sylvester, Mrs. Luther Maberry and Mary Lou of McCaulley, Mr. and Mrs. Earl Kiser of Texon, Mr. and Mrs. Edwin Keith and daughters of Plainview, Mrs. C. G. Kiser and sons, Charles Nathan and Harold of Comanche, Mr. and Mrs. Charles A. Ferguson and Kenneth of McCaulley, Paul Kiser of Graham, Cecil C. Kiser and son, Cecil, Jr. of Rotan, Mr. and Mrs. D. B. Kiser Rotan, Mr. and Mrs. D. B. Kiser and Kay of Wilson, Mr. and Mrs. W. J. Kemp of Hamlin.

Visitors were: Shirley Prose, Bobbie Sue Beard, Mr. and Mrs. Fae Dozier of Sylvester, Mr. and Mrs.

Two Japanese housegirls are shown serving breakfast to a Navy chief petty officer and his family in Japan. There is no talk about the high cost of living among the more than one hundred Navy families at the Headquarters of the Commander, Fleet Activities, Yokosuka. For twenty-seven dollars a month they occupy from five to seven rooms furnished complete with electric ranges, telephones, refrigerators and houseboys. Features of the Navy community, known as the Griffin Park Housing Area, include schools, a modern department store, a well-stocked commissary and a beauty salon. (Official U.S. Navy Photograph)

Farm Bureau Meeting Is Scheduled Sept. 17

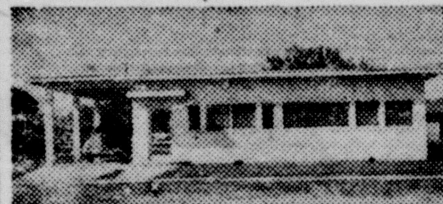

One of a series of 25 districts meetings of the Texas Farm Bureau Federation will be conducted in the Wooten Hotel in Abilene, Saturday, September 17, beginning at 10 a. m.

Omar Burleson, congressman from this district, has been invited to attend the meeting.

All farmers, ranchers and agricultural agency leaders are invited to attend.

Webb Kilgusworth and Joan of Roby, and Jo Ann Ferguson of McCaulley.

Mrs. S. L. McMahon is in Dallas this week on business.

More Than 75,000 Texas Farm Youth Expected to Attend Rural Youth Day

To help make Rural Youth Day Oct. 15 at the State Fair of Texas the biggest event of its kind in the nation's history, Texas railroads will offer special reduced round trip coach party fares to Dallas for the occasion, James W. Aston, chairman of the State Fair Rural Youth Committee, has announced.

More than 75,000 4-H Club members, Future Farmers and Future Homemakers, along with their leaders and parents, are expected to attend the fair in the largest single gathering of its kind in the country.

W. W. Fair, general passenger agent for the Texas & Pacific Railway Company at Dallas, speaking for passenger traffic officers of all Texas railroads, declared:

"All of us fully appreciate just what these rural youth organizations and the State Fair mean to the development of our agricultural resources, and we are happy to join in making reduced round trip group rates and special trains available."

The farm youngsters are expected to flock to Dallas from every corner of Texas. They will be admitted free to the fair and a picnic lunch will be served each and every one of them through the courtesy of Dallas business leaders and the Dallas Chamber of Commerce.

"The State Fair regards its rural youth project as one of its most important educational projects," Aston said. "From a healthy start in 1946, when 30,000 boys and girls attended the fair on Rural Youth Day, the event grew until it attracted more than 60,000 last year. This year upwards of 75,400 should attend. We think Texas has another 'first, best and biggest' here."

A banquet honoring the 50 outstanding Future Farmers, Future

Homemakers and 4-H members of the state for 1949 will be held Oct. 14. Prizes will be awarded by the Fair to the county 4-H Future Farmer and Future Homemaker delegations having the best attendance scores at the fair on Rural Youth Day.

How much regular train fares are reduced depends on the number traveling in the group which may take advantage of the special rates. The fares are available to anyone who wants to visit the fair on Rural Youth Day.

Full information on the special fares has been sent to all vocational agriculture and homemaking teachers and county Extension agents by State Fair officials.

McCaulley HD Club in Plans for Fair Show

Plans for the club exhibit at the Fisher County Fair were made at a recent meeting of the McCaulley Home Demonstration Club, in the home of Mrs. Louis Boyd. Mrs. Levi McCollum served as co-hostess.

A book review in October was arranged and other Fisher County clubs will be invited to attend as guests.

Mrs. Boyd, Mrs. Rufus Herbst and Mrs. Melvin Henderson were named members of a nominating committee. A program on outstanding interests in Texas was given. Refreshments were served.

JOINS MURREL FIRM

A. G. "Jimmie" Irwin has joined the sales staff of the Carl Murrel Chevrolet Co., it was announced this week by Carl T. Murrel, owner of the firm.

New baby is seen by mother, a polio victim. Nurse is from Des Moines, was recruited by American Red Cross which today appealed for at least 100 more nurses to care for polio-stricken. In no other disease is nursing care more important for recovery. Nurses are asked to contact local Red Cross chapters for details about polio service.

ATTEND BAPTIST MEET

Several members of the First Baptist Church went to San Antonio this week to attend sessions of the Texas Baptist Convention. Those who went are Rev. A. R. Posey, pastor, Tate May, Paul Gentry, Mrs. Tom Routh, Mrs. Roy Carmichael, and Mr. and Mrs. Edgar Duncan.

Mrs. Pete Bolding and sons of Dallas are guests in the home of Mr. and Mrs. J. B. Eakin.

Miss Foncille Rogers spent the week end in Grand Prairie with relatives.

Hamlin OES Chapter Honors Founder's Day

Celebration of Rob Morris day, in honor of the founder of the organization, members of the Hamlin chapter, Order of Eastern Star, presented a program last Tuesday evening in the Masonic Lodge hall.

Mrs. Fred Smith, worthy matron, gave the opening address. A floral ceremony was given in which Mrs. A. Hudson, Mrs. O. G. Harvey, Mrs. O. D. Sauls, Mrs. Lois Greenway, Mrs. W. W. Wallace, Mrs. P. D. Har-kens, Mrs. Euell Carter and Mrs. Roy McCurdy took part.

Mrs. Kelley Scott gave a brief biography of Robert Morris, founder of the order, and the chapter members sang several songs with Mrs. Dick Maberry playing accompaniment.

Refreshments of sandwiches, cake and punch were served to 30 members of the order and Mr. and Mrs. Rufus Herbst of McCaulley who were guests.

Carl Boyd and David Boyd, sons of Mr. and Mrs. W. L. Boyd Jr., returned to their home in Plainview Sunday after having spent two weeks here with their grandparents, Mr. and Mrs. W. L. Boyd Sr.

Thelma Carlton Weds In Fort Worth Rites

Mr. and Mrs. D. W. Carlton have announced the marriage of their daughter, Thelma, to Cecil L. Hill of Vernon.

The double ring ceremony was solemnized in the First Baptist Church of Handley, Fort Worth, at 8 o'clock Saturday evening, August 27.

Hill is the son of Mrs. Ada Hill of Vernon.

Mr. and Mrs. Hill will make their home in Fort Worth, where Hill is a junior in Texas Christian University.

A Change is in Order...

Change to OIL-PLATING!

Quiet!... Get hushed power from your car. Get Conoco Nth Motor Oil and OIL-PLATE your engine. An additive in Conoco Nth fastens an extra shield of lubricant right to the cylinders.

Stays Up!... Conoco Nth's protective shield of lubricant—OIL-PLATING—can't all drain down. No "dry-friction" starts with Conoco Nth.

Stays Longer!... Conoco Nth stands up under long, hard use, because it's made from fine paraffin-base crude. Conoco Nth has stamina!

Saves Money!... You use less Conoco Nth. Your engine wears longer. You buy less oil. To save and be safe, your best buy is Conoco Nth Motor Oil.

Oil-Plate today at your
Conoco Mileage Merchant's!

Drivers Under 20 Are Blamed for Accidents

Are teen-age drivers as reckless as older folks say they are? The National Safety Council says "yes."

"Accident Facts," the Council's statistical yearbook includes studies made of accident rates of drivers in various age groups. These studies show that the fatal accident rate in terms of miles driven by youngsters under 20 was 89 per cent higher than the average rate for all drivers.

The Council believes driver training courses in high schools and colleges are a big part of the answer to the problem. Better examples by parents and other older drivers would help a lot too, it says.

Mr. and Mrs. Jesse Richard Bonds and son, Patrick Joe, of Roswell, N. M.; and Mr. and Mrs. L. C. Bonds and sons, Tommy, David, George and James, of San Angelo, spent the week end with Mr. and Mrs. Joe Bonds Sr., and Mr. and Mrs. Joe Bonds Jr., and daughter, Jo-lyene.

Flight Training For Vets Given O. K. Under G. I.

A change in flight training policy by the Veterans Administration was announced this week, whereby veterans may now take such training under the G. I. Bill of Rights without submitting complete justification that the course will be taken in connection with present or contemplated business or occupation.

The announcement was made by the V. A. this week following the passing of a law by Congress to liberalize this type of training.

In recent months the VA had withheld approval of flight training except for veterans who planned to make a career of flying, or who could prove they needed such training in their occupations.

Instead of complete justification under the new ruling, a veteran may submit (1) a certificate in the form of an affidavit signed by him, and (2) corroborating affidavits by two competent disinterested persons. The affidavits must show that

TWO RECEIVE DEGREES

Degrees were awarded two persons from Hamlin and area last Thursday in graduation exercises at McMurry College, Abilene. George E. Moore of Hamlin and Johnnie Max Jones of McCaulley were among the 36 students who received degrees. Miss Moore received a bachelor of science degree with major in elementary education, and Jones received a bachelor of science degree with major in business administration. Both minored in English.

Flight training will be useful to the veteran in connection with earning a livelihood.

Along with affidavits, the veteran must submit a certificate showing that he is physically qualified for flight training in accordance with Civil Aeronautics Administration standards, to obtain the type of license that will enable him to attain his employment objective.

The Veterans Administration emphasized that with exception of flight training, the new law continues for another year the restrictions on vocational and recreational training, which went into effect July 1, 1948.

Mrs. H. E. Redus has returned to her home in Hamlin after having spent a month with relatives in Brownfield.

Mr. and Mrs. Bob Harden spent a few days in Hamlin as guests of their parents, Mr. and Mrs. Jack A. Harden and Mr. and Mrs. W. R. Redus, before returning to Austin for enrollment in Texas University.

Harry W. Pitzer has returned to his home in Chickasha, Okla., after having been a guest in the home of Mr. and Mrs. H. O. Cassle in Hamlin.

Q—When a veteran secures a loan under the G-I Bill does the Government make an outright payment on it without charging the veteran anything.

A—Yes, VA pays the lender, for credit to the veteran's loan, an amount equal to 4 percent of the guaranteed portion of the loan. For example, if the guaranteed portion of the loan is \$4,000, the lender will receive \$160 from the VA to credit to the debt of the veteran.

Hamlin Students Begin Annual Trek Back to Colleges and Universities

The beginning of a mass migration of Hamlin youth was noted this week as those of college age began preparations for entering colleges and universities for the annual fall term.

For many of them it will be a new experience, while for others it

means returning to familiar class scenes of the past two or three years.

The Herald attempted to get as complete a list of students and the schools they attend as possible. Students' names who were overlooked this week will be published next week, and The Herald invites readers to telephone additional information to 241.

Janet Bonner, graduate of Hamlin High School in 1949, will enroll in Abilene Christian College. She is the daughter of Mr. and Mrs. Harold Bonner.

Marjorie Hallmark, daughter of Mr. and Mrs. Odis Hallmark will attend Draughan's Business College in Abilene.

Ann Agnew, daughter of Mr. and Mrs. Johnnie Agnew, will attend Hardin-Simmons University.

Peggy Terrell, daughter of Mr. and Mrs. Elmer Terrell, will go to Abilene Christian College.

Donald Young, son of Mr. and Mrs. E. G. Young, will enroll in Texas A&M College at College Station.

Seth Adams Jr., son of Mr. and Mrs. Seth Adams, will attend Abilene Christian College.

LaNell Coltharp, daughter of Mr. and Mrs. G. C. Coltharp, will go to Hardin College, Wichita Falls.

Juanice Blount, daughter of Mr. and Mrs. W. E. Blount, will go to Abilene Christian College.

Oletha Maynard, daughter of Mr. and Mrs. C. G. Maynard, will enroll for a business course at Draughan's Business College, Abilene.

Tommy Lathem, son of Mrs. F. S. Holton, will attend Texas A&M College at College Station.

Alfred Ellison, son of Mr. and Mrs. L. N. Ellison, will become a student at Draughan's Business College, Abilene.

James Robert Feagan, son of Mr. and Mrs. Elmer Feagan, will go to Hardin-Simmons University.

Jack Herd, son of Mr. and Mrs. Arnold Herd, will attend Draughan's Business College.

Suzanne Toler, daughter of Mr. and Mrs. Holly Toler, will begin her senior year at McMurry College, Abilene.

Les Cowan, son of Mrs. Florence

Slight Gains in Markets Offset by Lower Trends of Some Farm Produce

Southwest farm prices ranged from slightly higher to somewhat lower compared to a week ago, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Letture showed some decline from recent peak prices late last week at most terminal markets. Sweet potatoes and tomatoes strengthened on lighter supplies. C) ions sold higher at Colorado shipping points, and cauliflower lower. Peaches, potatoes and peas remained steady to firm.

Fair demand for eggs and poultry held prices steady. Canned white eggs sold mainly from 50 to 55 cents a dozen in the southwest, and mixed colors 45 to 50. Best fryers brought 20 to 24 cents a pound at Denver and 28 to 30 in North Texas.

More cattle and calves arrived at southwest and midwest markets last week that the week before. Price trends were very uneven but, in general, fed cattle were steady to higher and grassers somewhat lower. Calves ranged from weak to \$1 lower, but other classes varied from weak to strong at the different markets. Most beef and veal sold steady to higher at Chicago, but lower grade steer beef weakened.

Butcher hogs and sows brought higher prices last week despite heavier receipts. Some of the heavier receipts, but pigs held about unchanged. Pork loins sold higher at Chicago, and most other cuts weak to lower.

All sheep classes closed the week unchanged at Fort Worth and steady to 50 cents higher at San Antonio. Spring lambs held steady at Chicago, but lost at most other midwest markets. Yearlings were also generally weak to lower. Ewes

Cowan, will return to McMurry College, where he is a stellar member of the football squad.

Brad Rowland Jr., son of Mr. and Mrs. Brad Rowland, will go to McMurry to play again with the championship Indian football team.

Barton Daniel, son of Mr. and Mrs. G. A. Daniel, will return to Texas University, Austin, as a senior student.

weakened at Denver, where feeder lambs gained 50 to 75 cents. Spring lamb and mutton held steady at Chicago. Goats ruled steady to 25 cents higher at San Antonio.

Texas wools found slow trade in Boston, but a good volume of 12-months wool sold in Texas. Some fall wool was contracted at 51 1-2 cents. Mohair held steady.

Some new crop long grain rough rice went to market in Texas last week at \$7 to \$7.75 a barrel. Milled rice sold slightly lower than a week ago. Feed markets showed an easier tone, as increased offerings met with slackened demand. Slow demand for light supplies of alfalfa hay left prices unchanged. Prairie hay held about steady despite slow trade on increased offerings. Peanut digging got under way in north and east Texas. Prices held steady in dull trade.

Texas new crop supplies lowered corn prices as much as 3 cents a bushel for the week. Oats advanced 2 cents, wheat 4 to 5, and barley and grain sorghums 6 to 7. No. 2 white corn closed Friday at \$1.50 1-2 to \$1.55 1-2 in bulk carlots at Texas common points, and yellow corn \$1.40 1-2 to \$1.43 1-2. Milo brought \$2.12 to \$2.17 a hundred.

Cotton closed Friday unchanged from a week earlier at Dallas, and 25 cents a bale lower at Little Rock. Other markets declined \$2.75 to \$3.75 a bale.

Veterans who have received benefits from the Veterans and have been assigned "C" (claims) numbers should place certain public records in their case folders off they think their beneficiaries might be entitled to compensation and pension benefits after they die.

To establish claims for payments, veterans' widows, children and dependent parents must submit public documents to VA as proof of dependency, age and relationship.

If necessary records were filed in the veteran's claims folder, his dependents would be spared the delays involved in obtaining them from other sources.

These include a certified copy of the public record of marriage; certified copies of previous marriages

and copies of court records of divorce and annulment, copies of birth certificates of all children under 18, and a copy of the veteran's birth certificate. The veterans claim number should be written on all papers to insure positive and ready identification.

Q—I am a World War II veteran and wish to go in business. Must I have experience in the business in order to get a G-I loan?

A—Experience is an important element in the success of the average business. You should be able to show a reasonable expectation of success in your venture in order to get your loan.
